

# **RAINER GIEVERS GMBH & CO. KG**

## **Height Adjuster Polyamide**

Polyamide height adjuster 6.6 with 9 or 12 mm dowels for 10 mm boreholes in 32 raster system.

As a standard the corpus is mounted with a coach bolt. For adjustment the bolts have slits on their heads and a square 8 mm on the bottom. The M8 mounting thread can be mounted on any other M8 adjusting screw.
